### Two for the Price of One

Durga-kali is a new brand of two-in-one bridesmaid dresses that allows women to transform from a demure bridesmaid into a diva in a "little black dress." Durga-kali dresses, made of 100% pure silk, come in a range of nearly 100 colors, and are the solution to every cosmopolitan woman's problem of what to wear both to a wedding and for a night out on the town. They have also newly introduced their "Laxmi line" made of polyester, from which brides have 60 colors to choose. All dresses reverse from eye-catching tones appropriate for a bridesmaid dress and turn into a sleek and stylish black dress. To further enhance its two-in-one mileage, some styles can be converted from long and formal into something short and chic. [Durga-Kali.com](http://Durga-Kali.com)
